Fax: 330-769-9600

Council Meeting Minutes

May 10, 2010

The Village of Chippewa Lake met in regular session on Monday, May 10, 2010 at the Church at the Lake United Methodist located at 7824 Lake Road. The Honorable Mayor Joanne Dodaro called the meeting to order at 7:30 pm.

All in attendance stood for the Pledge of Allegiance.

Present: Mayor Joanne Dodaro, Clerk-Treasurer Cathy Osborn, Law Director Allan M. Michelson, Council President Keith Riedel, Debbie Bican, Barb Hunter, Alan Robbins, Brent Osborn and Tom Melter.

Motion made by Robbins to accept the minutes from the April 12, 2010 Council meeting. Osborn seconded. 6 Ayes. Motion approved.

The Clerk-Treasurer reported the following bills to Council:

Joanne Dodaro	218.45
Allan M. Michelson	967.08
Cathy Osborn	1,320.16
Robert Locher, Jr.	332.52
Lexington Homes	10,000.00

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 2**

Bills (Continued):

Curry Lumber	270.00
Ohio Edison	1,198.00
The Gazette	67.98
Ohio Public Employees Retirement System	625.84
Time Warner Cable	89.49
Pro Touch Lawn Care	832.50
Bill Zweifel	1,500.00
Jones Roll-Off Containers	150.00
Columbia Gas	43.51
Medina County Sheriff's Office	2,500.97
Camelot Printing	631.06
Becker Signs	<u>160.00</u>

Total Of All Bills **\$20,907.56**

Motion made by Robbins to pay the bills from their proper funds. Melter seconded. 6 Ayes. Motion approved.

Mayor Dodaro asked if anyone is here for a zoning permit. No one was present for that purpose.

Mayor Dodaro next asked if anyone was here because they got a citation from the Zoning Inspector. No one was present for that reason.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 3**

There was a citation issued to Mr. Pribish of 273 Rustic Rook for a Cadillac with expired plates under a tarp at that location. He was asked to appear before Council this evening. **Motion made by Riedel to have Zoning Inspector Bob Locher cite Mr. Pribish immediately since notice was already given. Bican seconded. 6 Ayes. Motion approved.** Cathy will send an email to Bob Locher with Council's decision concerning Mr. Pribish.

Mayor Dodaro said she would like to thank all of the voters for passing our electric aggregation issue that was on the May 4th ballot. This issue was important to the village and will represent a savings to the residents. She also thanked Alan Robbins and the Pride Committee for distributing the flyers with this information to the residents. She thanked the Pride Committee for also passing out the informational newsletter created by Debbie Bican that saved the village a lot of money in postage.

Committee Reports

Safety: Fire Chief Jeff Hall read the activity report for the month of April. There were 3 EMS calls and 1 fire call in the village this month. There have been 4 fire calls and 13 EMS so far this year in the village. **(See attached report)**

Hunter said she received an email when she arrived at work today. It was concerning a parking ticket that was issued to someone on Bass Bay. Hunter said she visited that location after work and met Deputy Easterday there also.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 4**

Safety (Continued): There is a section that is marked with yellow lines indicating there is no parking in that area which is next to some mailboxes. The vehicle was parked just beyond the yellow lines. There is also a sign that states "No parking on pavement". According to a village ordinance there is parking permitted on the south side of Bass Bay, Cottage Cove and Richard Drive. Deputy Girard saw a vehicle parked where there was a sign that said "No parking" and she doesn't think Deputy Girard was wrong for citing the vehicle. Since according to village ordinance there is parking permitted on that side of the road that is past the yellow lines then she believes that sign should be taken down. After much discussion, it was determined that the resident and Deputy Girard were both correct. Mayor Dodaro said that Deputy Girard was doing his job, but knowing the history of the parking mess down there she can understand where they would be upset receiving a parking ticket. Hunter said that Deputy Girard ran the plates and they were registered to a non-resident. Hunter said the resident may be a little more successful in getting what he wants by being more polite in the future. Hunter said we have deputies that are doing their job and we get complaints about that too. Mayor Dodaro said she has dismissed the parking ticket.

Hunter said there are many signs in the village that need changed or replaced. A meeting will be held with Hunter, Riedel and Deputy Easterday to discuss what signs are needed. **Motion made by Hunter to encumber up to \$1,000.00 for the purchase of new road signs. Riedel seconded. 6 Ayes. Motion approved.**

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 5**

Safety (Continued): Melter said that the village has 8 "No Parking" metal signs, 7 "Parking-Residents Only" metal signs, 6 "No Parking 8 AM to 10 PM" metal signs and there is about 40 stop signs remaining.

Hunter read the patrol report for the month of April as follows: 9 calls assigned to dispatch, 5 self-initiated calls/NCOs, 120 citizen contacts, 6 assist citizens, 3 traffic stops, 3 written warnings, 3 suspicious persons and 8 assists to other police departments. The deputies worked a total of 90 hours for the month of April. They logged 416.6 miles on the cruiser using 40.2 gallons of gasoline. **(See attached report)** The hours were increased for April. The village will increase the police hours again in May and June. Deputy Easterday introduced Deputy Paul Demko as one of our new deputies who will work the 11:00 pm to 3 am shift on weekends. Deputy Easterday said we did lose Deputy King due to layoffs.

Hunter said we did have a suspicious person traveling around the village in three different vehicles. He was an older man with grey hair and no teeth. He has not been seen in the village for several weeks at the time of this Council meeting. Claire asks Hunter that when Council knows of suspicious people in the village to please send this information to her so she can post it to the many members in the village of the Neighborhood Watch. Claire said she emails approximately 120 families. Hunter said she will do that.

Zoning: Osborn said the Zoning Board meeting was held on Tuesday, May 4th at the church. **(See attached minutes)**

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 6**

Zoning (Continued): Mr. Vidra applied for a variance to build his new house on lots 948 and 949 on Shorefield. The sidewalk and the steps were going to be too close to the road. The requirement is for a 20 foot setback and the prints only show for a 16 foot setback so he is asking for a variance and it was granted. Mr. Vidra also needed a permit for the construction of the house which was also granted. Wharton questioned the pile of wood on the property. Mr. Vidra said they are going to begin clearing the wood. He also stated that he expects to begin construction in early June.

The Patch property on Shorefield has hanging gutters and Locher will check this out. Wharton advises that the vacant lot next to Leohrs property on Northvale is in need of cutting. Locher will also look at this property.

On Shorefield there is a property that had an indoor pool that is being demolished. The resident has put up "No Trespassing" signs and yellow tape, but Wharton is concerned that it is a liability issue for children and animals. Locher will stop and check out this location and advise the owners a need for temporary fencing while the demolition is occurring.

Cyndy Naragon had a list of 16 properties for the Zoning Inspector to check on. Most were for mowing and some were for junk vehicles and Bob Locher is checking into these.

Don Bican said he received a question about building a detached garage and how far away from the house does it need to be. The answer was four feet and that includes the chimney.

The owner/residents of 29 Circle Crest were sent a notice to stop parking and driving on the front yard and repair the culvert.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 7**

Zoning (Continued): They were asked to show up at the Zoning Board meeting and they did not. Locher will send out another letter to advise they need to make repairs to the culvert. If no response, then the village will pursue legal action.

The resident at 273 Rustic Rook was supposed to appear at the Council meeting tonight concerning a junk vehicle violation. Council approved tonight to have Mr. Pribish cited immediately.

Lanny Lingenfelter at 258 Rustic Rook was recently cited into court for a vehicle violation and paid a fine. The vehicle is still on the property and the Law Director will file charges again. The Law Director is waiting on pictures and details from Locher.

The next Zoning Board meeting is scheduled for Tuesday, June 1st at 7:30 pm to be held at the church.

Osborn said that the Zoning Board also held a Workshop meeting at the church on May 6th. **(See attached minutes)** The Board along with Cyndy Naragon, Bob Locher and Osborn reviewed the first three chapters of the Property Maintenance Code. The Board advises a few wording changes that they wanted to see. Wharton sent the Law Director an email about adding the schedule of fees to the Property Maintenance Code. She would like to see the schedule of fees listed in both of Property Maintenance Code and the Zoning Book.

The next workshop meeting is scheduled for Thursday, June 10th at 7 pm at the church.

Finance: Cathy said she received the final bank statement from National City Bank that ended on April 9th.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 8**

Finance (Continued): She has not received the bank statement from PNC for the remainder of the month so she does not have a bank statement that is reconciled for this evening's meeting. She will present that at the June Council meeting.

Cathy said she reviewed quarterly reports last month so the only report she has tonight is the monthly Cash Summary By Fund report. This report shows the starting balance in all funds as of April 1, 2010 was \$132,823.04. The total revenue deposited was \$75,884.56 and the total expenditures were \$38,630.00. The Star Ohio account was a balance of \$12,282.49. The checking balance is \$157,795.11. The revenue amount does show the first half of real estate taxes that was posted on April 2nd. Cathy said with the passing of the aggregation issue the general fund will have an additional \$50,000.00 and she will advise Council when she receives that.

Cathy said the only other topic she has to discuss with Council is the MVL ordinance that was passed in 1999, but not forwarded to the state for collection. The Law Director did send Cathy the two ordinances that she asked for with the proper ORC numbers contained within the ordinances. Cathy faxed those ordinances to the Ohio Department of Public Safety to Marji's attention at 8 pm on Thursday, May 6th. The following morning, Friday, May 7th, she received an email from Marji stating that the ordinance were correctly written. Cathy now brings those ordinances to Council to see how they want to proceed. If Council wants to proceed with enacting these ordinances then Cathy needs to mail certified copies of the two ordinances to Marji by no later than July 1, 2010 for the 2011 registration year.

Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 9

Finance (Continued): This MVL tax would cost the owner of a vehicle registered in the village an extra \$10.00 per vehicle per year. The tax would only generate approximately \$1,000.00 per year for village streets.

Cathy said that the other option in front of Council is to put the Street Levy back on the ballot. A 1.5 mil/5 year Street Levy was on the ballot in November of 2009 and failed by just a few votes. The owner of a property with an appraised value of \$100,000.00 would be taxed approximately \$45.94 per year. This levy would generate about \$23,300.00. This represents a substantial difference in revenue versus enacting the MVL tax. Melter said that the levy is fair to everyone who lives or owns property in the village. Not everyone who owns property in the village registers their vehicle with their village address. Council has much discussion about the proposed MVL ordinances. Hunter asked if Council could adopt the ordinances and if they decide to pursue this MVL tax then the ordinances are in effect within 30 days of passage. If they decide to put a Street levy on the ballot **instead** they would rescind the two ordinances. The Law Director said that can be done. **Hunter made a motion to have a first reading. Riedel-aye, Bican-aye, Hunter-aye, Robbins-aye, Osborn-aye, Melter-nay. Roll call taken 5 Ayes, 1 Nay. Motion approved.**

Motion made by Hunter to waive the second and third reading for Ordinance #699-10. Robbins seconded. Roll call: Riedel-aye, Bican-aye, Hunter-aye, Robbins-aye, Osborn-aye, Melter-aye. 6 Ayes. Motion approved.

Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 10

Finance (Continued): Ordinance #699-10 "An ordinance levying an annual license tax on all motor vehicles for which the district of registration is the Village of Chippewa Lake pursuant to Section 4504.06 of the Ohio Revised Code." was read by title only. Motion made by Hunter to adopt Ordinance #699-10. Riedel seconded. Roll call: Riedel-aye, Bican-aye, Hunter-aye, Robbins-aye, Osborn-aye, Melter-nay. 5 Ayes. 1 Nay. Motion approved.

Motion made by Hunter to waive the second and third reading for Ordinance #700-10. Robbins seconded. Roll call: Riedel-aye, Bican-aye, Hunter-aye, Robbins-aye, Osborn-aye, Melter-aye. 6 Ayes. Motion approved.

Ordinance #700-10 "An ordinance levying a supplemental annual license tax upon motor vehicles for which the district of registration is the Village of Chippewa Lake pursuant to Section 4504.172 of the Ohio Revised Code." was read by title only. Motion made by Hunter to adopt Ordinance #700-10. Osborn seconded. Roll call: Riedel-aye, Bican-aye, Hunter-aye, Robbins-aye, Osborn-aye, Melter-nay. 5 Ayes, 1 Nay. Motion approved.

The Law Director explains that when an ordinance is passed by emergency measures it is effective immediately and not subject to voter referendum. These ordinances were not passed by emergency measures since it is a tax issue giving the voters thirty days to file a referendum petition to put this on the ballot. At the June 8th Council meeting, Council will decide whether to proceed with the MVL tax in the form of two ordinances or decide to pursue the Street Levy.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 11**

Finance (Continued): If the MVL ordinances are chosen then Cathy will mail certified copies of these ordinances to the Ohio Department of Public Safety and they will begin collection on January 1, 2011 for all vehicles registered in the Village of Chippewa Lake. If the Street Levy is the choice to proceed with then Ordinances #699-10 and Ordinance #700-10 will be rescinded. Mayor Dodaro thanked Cathy for all of her work on this issue.

Cathy said she will send reminders to Council and Mayor that the next Council meeting has been changed to **Tuesday, June 8th** at 7:30 pm at the church.

Buildings: Melter distributes his report for this month. Melter said the status of the building as of this afternoon is as follows: the drywall is complete and the bill has been paid; Brent, Tom and Ken Whynott cleaned up the front yard and did rough grading. The cement still needs removed from the south driveway; Brent, Keith, Tom, Don Bican and Ken Whynott installed drainage pipe from front gutters to the street. Dirt from Pat Kennedy provided additional grading. We still need fine dirt for grass planting and shrub beds after cement sidewalk is installed; Lexington Homes has primed, installed trim and painted interior of the building and the painting bill has been paid; Lexington Homes installed door jams and donated doors. Door handles and locks to be installed; Lake Refrigeration has installed both a/c units and placed new thermostats. Duct vent registers have been installed, however, Jeff has several on back order; Ron Pfaff Electric installed outlets, outlet plates and exit signs.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 12**

Buildings (Continued): He needs to install fixtures, fans and wall heater (front entrance); Dynamerican needs to have the flooring finished before the finish plumbing can be done.

Melter said what we are looking at in the next month will be: Lexington Homes will complete interior doors and start floor installation; Lexington Homes will install cement sidewalk and ramp to the front door and the cost will be \$900.00; Ron Pfaff needs to finish fixture install; Lake Refrigeration needs to finish register install; Dynamerican needs to install the finish plumbing after flooring is completed.

The village is planning to purchase some kind of storage shed to be put up behind the building for the storage of equipment and street and park items. Tom received a price for a 14 ft x 31 ft vinyl coated steel finish storage shed for a cost of \$4,101.00. He also received a quote for a 4 inch cement slab that the shed needs for proper support at a cost of \$1,000.00. This does not include the cost for labor to put this shed together.

Tom said that the village needs some fine dirt, grass seed and straw to plant grass in the front yard. This can be organized with the Chippewa Pride Committee and Barb Hunter has also offered her help.

We need to call Securitec to make sure all camera angles are set up correctly.

Thank you letters should be sent to Ken Whynott (donated equipment and time to clear front yard and grade), Pat Kennedy, Gloria Glens (donated dirt), Don Bican (drainage pipe) and the person/organization who donated the interior doors.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 13**

Buildings (Continued): Melter sent Dan McGahan, the village's grant administrator, an email concerning potential ADA handicapped equipment needed for the village hall possibly through the Community Development Block Grant.

Cathy said when the aggregation money is received she will set up a line item account within the General Fund so we can track how this money was spent.

Returning back to the storage shed discussion, Osborn said that any shed larger than 12 ft x 16 ft needs a permit. A drawing of the property outline and where the shed will be placed will need to be submitted to the Zoning Inspector. Further discussion will be held on the placement of the storage shed.

Motion made by Bican to encumber up to \$1,000.00 for the four inch cement support pad when a shed and location are chosen. Riedel seconded. 6 Ayes. Motion approved.

Community Relations: Robbins reported that the Village Clean Up Day is scheduled for Saturday, May 15th. The planting of the big flower plants will be on May 25th. The cardboard boat race at the beach will be on July 4th. The Lighted Boat Parade and the Lions Club Festival will be held on July 17th. The Village Pride thank you party is planned for August 22nd. A farmer's market is schedule for August 28th. The Pride committee does have a caroling evening scheduled in December. Pam Williams said that this year the committee plans to add a Christmas lighting contest. Robbins gave his thanks for all of the committee's help.

The Neighborhood Watch organized a CPR class with the help of the Lafayette Fire Department on April 15th.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 14**

Community Relations (Continued): The Ski Team competition dates remain the same as previously announced. July 10 for the Regionals and August 14 for the Nationals. The Beach Clean Up day will be handled by the ski team on Saturday, May 15th. Learn to Ski Day will be on June 27th at 11 am at the beach. There will be a dinner show at Emerald Lake on July 28th.

The Lions Club held their annual plant sale on May 8th. They are also selling American flags for \$40.00 each. There will be a festival on July 17th to be held at the beach parking lot before the lighted boat parade. Jeannette Rhyner has been working on meals to the needy throughout the village. Mayor Dodaro said that Robbins left a "biggie" off of his report and that is the annual Chippewa Lake Lions Club Fourth of July Parade beginning at 1 pm. Pam Williams said that there is a new category in the parade this year which is decorated golf carts.

Mayor Dodaro also said that the ski team will perform a show at the beach at 5:30 pm on July 4th. Bican said that the ski team will also perform a show at 5:00 pm on Labor Day at the beach.

Riedel said that the cardboard boat race has rules that must be followed. The boats must be made out of corrugated cardboard. The use of duct tape, PL400, liquid nails and contact cement is permitted. No PVC pipe is allowed. Claire said if Pam Williams sends the cardboard boat rules to her she will post on the Neighborhood Watch email bulletins.

Robbins said the aggregation vote was successful and he gave his thanks to the voters.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 15**

Community Relations (Continued): Robbins reports that the 2010 Census is underway. Starting on May 1st the direct follow ups will begin.

Robbins attended a Development Committee meeting of the Balanced Growth Program on Thursday, April 29th. Bethany Dentler ran that meeting and most of the discussion was concerning the land around the truck stops. Some of the land is agricultural and some is commercial. Robbins said the Conservation Committee is headed by Tom James of the Parks District. Robbins is planning on attending the scheduled meeting on May 25th. The village's comprehensive zoning plan was submitted to this group for their work also.

The Medina County Planning Department: The village committed \$650.00 for participation in the Land Use Survey IF Westfield Township, Lafayette Township, and the Village of Gloria Glens all participated. The village is awaiting further instructions.

Chippewa Landings report: There were Recovery Zone Facility Bonds and 29 million dollars was earmarked from Ohio counties for this project and did meet approval. The 26 million dollars from Medina County did not get allocated. Robbins said he received an email from Bethany which read: "The project is still on track, but at a reduced scale. The developers are re-phasing the project so they can get started this summer with a smaller hotel with 100 rooms as opposed to 193 rooms. The spa will be relocated on-site but closer to the hotel on the lakeside and there will be fewer tatami suites.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 16**

Community Relations (Continued): Along with the hotel, the lakeside restaurant would be built when the bond offering is complete late this summer. The Wellness Center will be put on hold for the moment but it is still in the plans. The developers plan to pursue the Culinary Institute so that it will almost simultaneously be within a month of the hotel groundbreaking." Gary Sills describes the project as being re-phased so they can take advantage of the 29 million dollars already approved by the Recovery Zone Facility Bond program. Bican asks some questions about financing using bonds. Melter and Robbins explains this process to all in attendance.

There is no new information to report concerning the Medina Parks District or the Chippewa Lake Water Sports Association.

Pam Williams brings up the fact that there have been two couches and other trash at the property at the corner of Rockridge and Willow Wood for quite awhile. This information will be forwarded to the Zoning Inspector Bob Locher.

Robbins said that John Burke the Medina County Treasurer is once again offering the "Fix It Funds" program that will begin on May 17th. These loans are offered by four different banks at 3% below regular interest rates. Cathy said she has copied this information and it is on the back table for anyone who is interested. Robbins said he will also send this information to Katrina to post on the website.

Streets: The village's work on Craggy Creek has not started other than the engineering services. The water and the gas work is proceeding. Perrin Asphalt is scheduled to start on June 1st.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 17**

Streets (Continued): Riedel handed Cathy a "Notice to Proceed" document for Phase Four for the village's records. Cathy said she did receive the Floodplain Permit from the Law Director and Bob Locher did sign it. She forwarded the permit to Lou Mascari at Ohio Public Works Commission so everything is in order. Mayor Dodaro said that Mrs. Kobb on Craggy Creek granted the village the easement that was necessary for the Phase Four project at no cost to the village. The village appreciates her willingness to assist the village with this easement. The Law Director is meeting with her on Wednesday, May 12, 2010 to get her permission in writing to store materials on her property during this project. Cathy said that was nice work on Allan Michelson's part to meet with her for this permission. He said she is a nice lady and was willing to help the village. Allan said that she has one building lot that she might be willing to sell if anyone is interested.

The village is in the process of patching the largest potholes. Not all holes will be patched as there is only a limited amount of money available. A new material will be used this year for crack sealing.

Parks: Bican said that all of the beach attendants have been contacted. This year she hired two new ones. Bican has scheduled a meeting with all of the attendants at her house on May 18th at 4 pm. Cathy will be there to get any paperwork she needs from them. Bican will review what their job entails, rules of the beach and answer any questions they may have.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 18**

Parks (Continued): Bican said the porta-potty has been ordered and should be at the beach by May 15th. She said that the beach Clean Up Day will be on Saturday, May 15th.

The public sale for parking permits and lake access passes will be on Saturday, May 29 and Saturday, June 12 from 8:30 to 11:30 am at the fire station on Heather Hedge.

Bican said she is working on a "special use permit" for the use of village parks. There are requests at times to use our parks for special occasions. Bican thinks people should have something in writing as to what they are allowed to do and what they are NOT allowed to do while using our parks. The Law Director asks for Bican to forward that to him for his review after she is done composing this.

Mayor Dodaro asks Bican to please have Zweifel make the necessary repair at the playground as requested by the Public Entities Pool. It is important she mails back the form stating that the repairs have been completed. Bican said she will do that.

Mayor Dodaro asks Bican if she will be opening the beach over Memorial Day weekend. Bican said yes. The last day of school will be June 8th and then the beach will have attendants working all shifts.

Mayor Dodaro asks Bican to call the mosquito spraying company to begin spraying. Mayor Dodaro said that is usually started the Thursday before Memorial Day.

Cathy said that the beach phone is obsolete anymore since all the attendants have cell phones. Cathy said the initial install and then three months of monthly charges do add up.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 23010
Page 19**

Parks (Continued): Not installing the phone would save a few hundred dollars. Bican agrees with that so it's decided not to install the beach phone this year.

Cathy scheduled the water meters to be put back in at the Bungalow Bay fountain and Briarwood Blvd median strip. Brent has flushed the line for the fountain in the Bungalow Bay Park and it is ready for use.

Law Director: The Law Director said there is only one pending criminal case involving the village. That is a charge of criminal damaging. A gentleman decided to attack a car. There is no trial date set yet.

The Law Director has advertised in the *Gazette* for the village's trash bids. The sealed bids will be opened at the June 8th Council meeting. He has received one request for bid specifications. He has sent the bid specifications to four people that have bid in the past including C. Martin Trucking.

Electric Aggregation: The Law Director said that the village should receive a check within 14 days after he sends some information to First Energy. The village needs to have two public hearings and they can be on the same day and it is suggested to set it up that way. A representative of First Energy would be present to answer any questions about the plan and the process. The Law Director will send the required notice to be posted throughout the village in five locations. Mayor Dodaro asks Robbins to handle setting up these public hearings for the electric aggregation.

**Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 20**

Law Director (Continued): Osborn suggests combining the public hearings with Gloria Glens. The Law Director will check to see if this is permitted. The public hearing dates are scheduled for Tuesday, June 8th at 4:30 pm and again at 6:30 pm at the church. Robbins will check this date with First Energy. Robbins said he will be in attendance at the meetings. The regular Council meeting will be called to order at 7:30 pm also on June 8th right after the last public hearing.

Old Business: None

New Business: A couple in the audience said they are new to the village and ask how they go about getting on a boat dock. He asks who does he talk to and what it costs. Mayor Dodaro said the village has nothing to do with docks and they are individually owned and maintained. Bican said she will talk with them after the meeting.

Mayor Dodaro announces that on Saturday, June 5th at 9 am you can get a 2010 ODNR inspection sticker for all watercraft. The inspection is free and is held at the Gloria Glens beach and is sponsored by the Gloria Glens Association. Claire will also post this information on the Neighborhood Watch email bulletin.

Melter said he has a request. The Chippewa Lake Lions Club would like permission to use the beach parking lot and the beach area on June 17th for the Lions Club Festival. The beach can stay open, but the parking lot will need to be closed around 4:30 pm for the festival set up.

Village of Chippewa Lake
Council Meeting Minutes
May 10, 2010
Page 21

New Business (Continued): Motion made by Melter to use the beach parking lot and beach area for this purpose on June 17th. Riedel seconded. 6 Ayes. Motion approved.

At 9:30 pm, Hunter made a motion that the meeting be adjourned. Robbins seconded. 6 Ayes. Motion approved.

Next Meeting: Tuesday, June 8, 2010 at 7:30 pm at the Church at the Lake United Methodist located at 7824 Lake Road.

Joanne Dodaro, Mayor

Cathy Osborn, Clerk-Treasurer
